

The William G. Luttge Lectureship in Neuroscience presents Dr. Fred H. Gage

Lectureship Presentation “Neuronal Plasticity and Genomic Diversity”

Monday, May 4, 2015

Noon - 1 p.m.

DeWeese Auditorium, LG-101

Evelyn F. & William L. McKnight Brain Institute

Fred H. Gage, PhD
UF Alumnus

Fred H. Gage, PhD

Professor
Laboratory of Genetics
Vi and John Adler Chair for Research on Age-Related
Neurodegenerative Disease
Salk Institute for Biological Studies
La Jolla, California

Fred H. Gage, PhD, received his bachelor of science degree in psychology from the University of Florida. He received his doctorate degree from Johns Hopkins University. Among his many honors and awards, in 2003 Dr. Gage was elected to the National Academy of Sciences, and in 2013 he was named to the National Academy of Inventors. He serves as a member of the Science Advisory Board of the Genetics Policy Institute. Dr. Gage has published more than 600 articles in high impact journals such as Nature, Cell, Science, Nature Medicine and Neuron.

**In honor of Dr. William G. Luttge, Founding
Director of the McKnight Brain Institute**

UF | Department of Neuroscience
College of Medicine
